The bye-laws have been perused by Col Smyth as will be seen from the pencil notes and additions made by that officer on the 6th Oct 1910. The Sanitary Board have combined the two sets of bye-laws into one making necessary alterations therein and approved them at meeting on the 27th January 1911. The Sanitary Commr Col. Smyth recommends that these bye-laws may be passed.

20) In the Mining Regulations of 1897 the Sanitary Board were not empowered to make any bye-laws; but in accordance with rule 4 sec I rule 1 of sec IV & rule 4 of sec VI empowering them to frame bye-laws, the Sanitary Board have issued bye-laws on several

of the Sanit Bd Rules (M)

matters. When the Sanitary Board proposed certain bye-laws for the management of the Robertsonpet market & slaughter houses they power & to frame the said bye-laws came into question and the proposed bye laws were issued partly as rules framed by Govt & partly as conditions for the leasing of the market at Robertsonpet.

2) According to the Mining Regulation IV of 1906 Sec 35, the Sanitary Board may be empowered to prescribe bye-laws with the sanction of Govt for the special sanitation of the area under its authority and for the conduct of its business. Rule 4 of sec I of the Sanitary Board rules empowers the Sanitary Board to frame bye-laws for the conduct of its

referred to in sec: 35 of the
mines Regulation IV of 1906.
The penal provision under
the bye-laws — no 22 — appears
unnecessary as it is provided
in sec 36 of the mines Regulation
but it may be allowed to
remain, as it will be an
additional warning, though
a repetition, since it is not
inconsistent with the provision
in the Regulation.

23) As directed already
the rules for the special
sanitation of the Sanitary
Board area have to be re
issued as rules under the
New Regulation and this
will be taken up separately
as personally directed by
the assistant Secretary.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE.

Dated, Bangalore, the 28th July 1910.
15th August '10.

From P.S.Achyuta Rao Esq,
~~Lt. Col. JOHN SMYTH, M.D., I.M.S.,~~
Offg: *Sanitary Commissioner to the Government of His Highness the Maharaja of Mysore,*
BANGALORE.

To
C.S.Balasundram Iyer Esq, B.A.,
Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments,
BANGALORE.

Sir,

I have the honor to state that there are no --- particular bye-laws yet framed by the Sanitary Board, Kolar Gold Fields, in regard to the control of Bakeries, Aerated Water Factories, Dairies etc, nor does the Sanitary Board Regulation contain all the clauses necessary for this purpose. As the Health Officer will, in course of his work, often be required to enforce the sanitary condition of these institutions, it seems desirable that the necessary bye-laws are adopted early for his protection as well as for facilitating sanitary work. The accomapnying draft bye-laws for the proper supervision and management of bakeries & soda water factories appear to me to be suitable and may be referred to the Sanitary Board for consideration and adoption.

I have the honor to be,

Sir,

Your most obedient servant,

P. S. Achyuta Rao

Offg: Sanitary Commissioner.

10

Letter No. 536 dated the 10/18th April 1911 from the President, Sany. Bd. K.G.F., to the Sany.Commissioner.

With reference to your letter No. 455 dated the 28th July 1910, to the Secretary to the Government of Mysore, General & Revenue Departments, regarding the proposed bye-laws for the proper supervision and management of bakeries and aerated water factories, and docket No. 2055 L.B. 61-10-2 dated the 30th August 1910, thereon from the said officer to me, requesting me to place the draft bye-laws before the Sanitary Board for consideration and submit a copy of their resolution in the matter, I have the honor to state that the said bye-laws were considered by the Board in their meeting held on the 27th January 1911 and it was resolved by them that the same be approved in a consolidated form with slight modifications and additions, particularly one of which is noted on the margin

21. No aerated waters of any kind shall be issued from the manufactory without having a proper label on each bottle, giving full name and address of the manufacturer.

2. The bye-laws as now approved by the Board together with a copy of their resolution in the matter are herewith forwarded with a request that you may be so good as to approve of the same and obtain the sanction of Government thereto.

3. The enclosures forwarded to me with the General and Revenue Secretary's docket under reply are also herewith retransmitted.

" Copy "

For Sanitary Commissioner.

P.H.

at all times be kept thoroughly clean and wholesome and no person shall shall commit any act which may tend to render any bread, biscuits etc. which are being transported dirty or unwholesome.

8. The empty bottles used in an aerated water factory for the manufacture of soda water. lemonade and other aerated water shall always be kept scrupulously clean and stored in suitable cases specially provided for them.

9. All filters used in an aerated water factory shall be sterilized once in a fortnight in the presence of the ~~the~~ Circle Sanitary Inspector. These shall not be used for 24 hours or more till a proper layer of scum is formed on the surface

10. No other water but Bethamangalam tap water shall considered fit for use in an aerated water factory.

11 In the manufacture of colored aerated waters no dye proscribed by the Health Officer shall be allowed to be used

12. No old clothes, beddings or any other articles unnecessary for the carrying of the trade, shall be stored in any part of a licensed bakery or aerated water factory.

13. In every bakery and aerated water factory, a basin on proper stand with soap and proper roller towel shall always be maintained in which the bakers and aerated water makers shall always wash their hands and arms before beginning work or at any time they have touched any unclean thing during working hours, fresh water being used for each ablution.

14. The Health Officer, the Chief Sanitary Inspector and the circle Sanitary Inspectors shall have free access to any licensed bakery or aerated water factory at any hour of the day or night for purposes of inspection and the first named Officer shall have the power of condemning any provi-

-sion or articles manufactured in the bakery or any drink in the aerated water factory, which he considers unfit for human consumption and his decision in the case shall be considered final.

15. No underground dwelling shall be allowed to be used as a bakery or an aerated water factory

16. If any employee of a bakery or an aerated water factory is suffering from an infectious disease, which is required by law to be notified to the sanitary authorities, the licensee of the bakery or aerated water factory shall be held personally responsible for such notification. Under the orders of the Health Officer, the infected person may be stopped from work or the bakery or aerated water factory closed for a certain period, according to the exigencies or as circumstances may demand (or the licensee prosecuted according to Section IX of the ~~Sanitary Board Bye Laws~~ Rules published under Govt Not No 16346 dated 10th June 1899.

17. Each licensee will be required to maintain a complete list of all the employees which, from time to time, shall be checked by the circle sanitary inspector.

18. Any contravention of the above rules will make the licensee liable to have his license cancelled by the Health Officer for a period not exceeding two months or permanently with the consent of the Sanitary Board, or make him liable to prosecution, as deemed best by the Health Officer.

19. No person suffering from a contagious or loathsome disease, or who has recently been in attendance on such person, or who is unwashed or otherwise unclean shall be employed in a bakery or aerated water factory, and all kneaders in a bakery engaged in kneading shall wear white clean linen or cotton aprons to cover entirely their front part of the body from neck to knees. The hair should be properly dressed and turban strictly forbidden, small clean caps being substituted.

20. These bye-laws will apply equally to all bakeries and aerated water factories whether situated in the Government or the mining area comprising the Kolar Gold Fields. In the mining area, the powers conferred on the Health Officer will

be exercised by the Chief Medical Officer and his assistants though the Health Officer will have the power of entry, for purposes of inspection, to any bakery or aerated water facto situated within the mining area. These he shall visit periodically. In case of his discovering any contravention of the above bye-laws, he will have the right to take necessary action after consultation with the Chief Medical Officer.

21. No aerated waters of any kind shall be issued from the manufactory without having a proper label on each bottle giving full name and address of the manufacturer.

22. Whoever commits any breach of any of the above bye-laws, shall be liable, on conviction, to a penalty not exceeding Rupees one hundred.

President, Sanitary Board,
Kolar Gold Fields.

Encl to RDS 61—10/6 16

Proceedings of an Ordinary Meeting of the Kolar Gold Fields Sanitary Board, held on Friday the 27th January 1911.

10. Resolved that the Bye-laws regarding the management of bakeries and aerated water factories on the Kolar Gold Fields, as now approved by the Board in a consolidated form, be submitted to Government for sanction.

(Signed) C. Srikantesvara Aiyar,
President.

"Copy"

President, Sanitary Board,
Kolar Gold Fields.

Draft bye- laws framed for the management of Bakeries and Aerated Water factories in the Kolar Gold Fields area.

1. (a). The term " Bakery " will include all places where bread. biscuits. cakes and confectionary are manufactured.

(b). The term " Aerated Water Factory " will include all places where soda, lemonade, sherbath and other kinds of aerated waters are manufactured

2. All owners of such bakeries and aerated water factories will be required to take out a license under section X of the Sanitary Board Bye-Laws, which license will have to be renewed every official year.

3 It shall not be lawful to let or suffer to be occupied or to occupy any room or place as a bake-house or an aerated water factory, unless the following regulations are complied with:-

(a) no ~~A~~ water closet, earth closet, privy or ash pit, ~~must not~~ shall be within or communicate directly with the bake-house or aerated water factory.

(b) no ~~A~~ drain or pipe for carrying off faecal or sewage matter ~~must not~~ shall have an opening within the bake-house or aerated water factory.

(c) All the inside walls of the rooms of the bake-house or the aerated water factory and all ceilings or tops of those rooms ~~must~~ shall be limewashed and this limewashing must be renewed once in every three months. And as regards bakeries, in rooms where kneading is done, the walls for about 3 feet height, should be cement plastered.

(d) No place on the same level with the bake-house or aerated water factory and forming part of the same building ~~should~~ shall be used as a dwelling place, unless it is effectually separated from the bake-house or aerated water factory by a partition of stone or brick in mortor extending from the floor to the ceiling.

(e) Each room used as a bakery or an aerated water

factory ~~should~~ shall be of sufficient dimensions to afford 400 cubic feet of air space, per individual working in it.

(f) The sanitary authorities will fix the number of persons that can safely be allowed to work in each room and a notice to that effect duly signed by the Health Officer will be affixed in the bakery or aerated water factory, specifying the number of persons who may be employed in each room of the bake-house or aerated water factory.

(g) Ventilation. Every bakery and aerated water factory ~~must~~ shall be sufficiently ventilated; the provision for this and efficient lighting will be prescribed by the Health Officer when granting the license, and the owners will be required to adhere to these provisions.

(h) The flooring ~~should~~ shall be of some impermeable material, like Cuddapah slabs properly laid on concrete and joints well cemented.

(i) All refuse and dirt in and about the premises shall be swept off and the drains well flushed and the premises at all times maintained in a clean and tidy condition.

4. The moulds used for the manufacture of bread, biscuits etc in a bakery, shall always be kept scrupulously clean and stored in a cupboard explicitly provided for the purpose. Where bread, biscuits or other articles made in the bakery are also exposed for sale in the same premises, it will be necessary to provide suitable cases for these articles.

5. Provisions such as flour, butter etc, used in a bakery ~~must~~ shall always be kept in clean utensils which, in their turn, ~~must~~ shall be stored in suitable boxes.

6. All papers and stitched leaves used in a bakery for wrapping bread, biscuits etc, ~~to~~ shall be clean and stored in a clean rack protected from dust.

7. No person shall transport bread, biscuits etc, from any one place to any other place except in a closed vehicle or a closed basket, tin or other receptacle. Every vehicle, basket, tin or aerated water crate or other receptacle shall

General No. 5494

Enclosure No. 1 fol.

Forwarding the draft bye-laws proposed for the management of bakeries etc in the Kolar Gold fields

Bakeries

The term will include all places where bread biscuits, Cakes and Confectionery are manufactured.

2 All owners of such bakeries will be required to obtain a license under section 57 the Sanitary Board bye laws which licenses will have to be renewed every official year.

3 It shall not be lawful to let or suffer any room or place in a bakehouse to be occupied or to occupy unless the following regulations are complied with.

(a) A water closet earth closet, privy or ash pit must not be within or communicate directly with the bakehouse.

(b) A drain or pipe for carrying off sewage or sewage matter must not have an

an opening within the bakehouse.

(c) All the inside walls of the rooms of the bakehouse and all ceilings or tops of those rooms must be lime-washed and this lime-washing must be renewed once in every three months In rooms where kneading is done the walls, for about 3 feet height, should be cement plastered

(d) No place on the same level with a bakehouse and forming part of the same building shall be used as a dwelling place, unless it is effectually separate from the bakehouse by a partition extending from the floor to the ceiling

of stone or brick in mortar

(e) Each room used as a bakery should be of sufficient dimensions to afford 400 cubic feet of air space per individual, working in it

(f) The Sanitary authorities will

will fix the number of persons that can safely be allowed to work in each room and a notice to this effect duly signed by the medical officer of Health will be affixed in the bakery specifying the number of persons who may be employed in each room of the bakehouse

(g) Ventilation

Every bakery must be sufficiently ventilated the provision for this and efficient lighting will be prescribed by the medical officer of Health, when granting the licens and the owners will be required to adhere to these provisions.

(h) The flooring should be of some impervious material like Cudda

Lab. - on Concrete or granite flags

-pa Slabs

(i) All refuse and dust in and about the premises shall be swept off

off and the drains well flushed —
and the premises at all times —
maintained in a clean and tidy Con-
-dition

4 The moulds used for the manu
facture of bread, biscuits etc shall
always be kept Scrupulously clean
and stored in a cup-board expli-
-citly provided for the purpose. Where
bread biscuits or other articles made
in the bakery are also exposed
for Sale in the same premises
it will be necessary to provide
suitable cases for these articles —

5 No old clothes beddings or any
other articles unnecessary for the
Carrying of the trade shall be stored
in any part of the licensed bakery.

6 Provisions such as flour, butter
etc must always be kept in the
clean utensils which in their turn
must be stored in suitable boxes.

7 All papers and stitched leaves used

area for washing bread biscuits etc to be clean and stored in a clean rack. protected from dust.

no person shall transport bread biscuits etc from any one place to another place except in a closed vehicle or a closed basket, tin or other receptacle. Every vehicle basket tin or other receptacle shall at all times be kept thoroughly clean and whole some and no person shall commit any act which may tend to render any bread biscuits etc which are being transported dirty or unwholesome.

9 The medical Officer of Health, the Chief Sanitary Inspector and the Divisional Sanitary Inspectors shall have free access to any licensed bakery at any hours the day or night for purpose of inspection and the first named Officer shall have the power of condemning any provision or articles manufactured in the bakery

bakery which he considers unfit for human consumption and his decision in the case shall be considered final

10 No underground dwelling shall be allowed to be used as a bakery.

11 If any employee of a bakery is suffering from an infectious disease which is required by law to be notified to the Sanitary authority, the licensee of the bakery shall be held personally responsible for such notification. Under the orders of the medical officer of Health, the infected person may be stopped from work or the bakery closed for a certain period, according to the exigencies, or as circumstances demand.

12 Each licensee will be required to maintain a complete list of all the employees which from time

time to time shall be checked by the divisional Sanitary Inspector.

13 Any contravention of the above rules will make the licensee liable to have his license cancelled by the medical Officer of Health for a period not exceeding two months or permanently with the consent of the Sanitary Board, or make him liable to prosecution as deemed best by the medical Officer of Health

14 No person suffering from a, contagious or loathsome disease or who has recently been in attendance on such person or who is unwashed or otherwise unclean shall be employed in a bakery

and all kneaders engaged in kneading shall wear white clean linen aprons to cover entirely their front part of the body from neck to knees.

2 overpressure

The hair must be properly dressed, & turban Shirt, jacket, trousers clean & to be changed daily

These laws will apply equally to all bakeries whether situated in the Government or the mining area comprising the Kolar Gold Fields.—
In the mining area the powers conferred on the Medical Officer of Health will be exercised by the Chief Medical Officer and his assistants,—though the Government Medical Officer of Health will have the power of entry for purposes of inspection to any bakery situated in the mining area. There he shall visit periodically. In case of his discovering any Contravention of the above laws, he will have the right to take necessary action after Consultation with the Chief Medical Officer.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Correspondence ending with letter No. 5494, dated 6th June 1911, from the Sanitary Commissioner in Mysore, submitting a copy of the bye-laws approved by the Sanitary Board, Kolar Gold Fields, for the proper supervision and management of bakeries and aërated water factories in the Kolar Gold Fields area.

No. 6571-2—L. B. 61-10, DATED BANGALORE, 12TH MARCH 1912.

ORDER THEREON.—As the Sanitary Board, Kolar Gold Fields, have not till now been specially empowered to make bye-laws of the kind under the Mines Regulation, IV of 1906, the Government of His Highness the Maharaja of Mysore are now pleased to empower the Sanitary Board, Kolar Gold Fields, under Section 35 (2) (*a*) of the said Regulation, to prescribe bye-laws for the regulation and inspection of bakeries and aërated water factories in the area under their authority. A notification to this effect will be forwarded to the Compiler, *Mysore Gazette*, for publication.

2. The bye-laws received with the correspondence read above are sanctioned with a few verbal alterations and a copy thereof is appended hereto. The President of the Sanitary Board, Kolar Gold Fields, is requested to publish them locally and in the *Mysore Gazette* and to send ten spare copies of the bye-laws when they are published.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Sanitary Commissioner in Mysore.
The President of the Sanitary Board, Kolar Gold Fields.

Draft Bye-laws framed for the management of Bakeries and Aerated Water Factories in the Kolar Gold Fields area.

1. (*a*) The term "Bakery" will include all places where bread, biscuits, cakes and confectionery are manufactured.

(*b*) The term "Aërated Water Factory" will include all places where soda, lemonade, sherbath and other kinds of aërated waters are manufactured.

2. All owners of such bakeries and aërated water factories will be required to take out a license under Section X of the Sanitary Board Bye-laws, which license will have to be renewed every official year.

3. It shall not be lawful to let or suffer to be occupied or to occupy any room or place as a bake-house or an aërated water factory, unless the following regulations are complied with:—

(*a*) No water closet, earth closet, privy or ash pit, shall be within or communicate directly with the bake-house or aërated water factory.

(*b*) No drain or pipe for carrying off fæcal or sewage matter shall have an opening within the bake-house or aërated water factory.

(*c*) All the inside walls of the rooms of the bake house or the aërated water factory and all ceilings or tops of those rooms shall be limewashed and this limewashing must be renewed once in every three months. And as regards bakeries, in rooms where kneading is done, the walls for about three feet height should be cement-plastered.

(*d*) No place on the same level with the bake-house or aërated water factory and forming part of the same building shall be used as a dwelling place, unless it is effectually separated from the bake-house or aërated water factory by a partition of stone or brick in mortar extending from the floor to the ceiling.

(*e*) Each room used as a bakery or an aërated water factory shall be of sufficient dimensions to afford 400 cubic feet of air space per individual working in it.

(*f*) The Sanitary authorities will fix the number of persons that can safely be allowed to work in each room and a notice to that effect duly signed by the Health Officer will be affixed in the bakery or aërated water factory, specifying the number of persons who may be employed in each room of the bakery or aërated water factory.

(*g*) *Ventilation.*—Every bakery and aërated water factory shall be sufficiently ventilated; the provision for this and efficient lighting will be prescribed by the Health Officer when granting the license, and the owners will be required to adhere to these provisions.

(*h*) The flooring shall be of some impermeable material, like Cuddapah slabs properly laid on concrete and joints well cemented.

(*i*) All refuse and dirt in and about the premises shall be swept off and the drains well flushed and the premises at all times maintained in a clean and tidy condition.

4. The moulds used for the manufacture of bread, biscuits, etc., in a bakery, shall always be kept scrupulously clean and stored in a cupboard explicitly provided for the purpose. Where bread, biscuits or other articles made in the bakery are also exposed for sale in the same premises, it will be necessary to provide suitable cases for these articles.

5. Provisions such as flour, butter etc., used in a bakery shall always be kept in clean utensils which, in their turn, shall be stored in suitable boxes.

6. All papers and stitched leaves used in a bakery for wrapping bread, biscuits, etc., shall be clean and stored in a clean rack protected from dust.

7. No person shall transport bread, biscuits, etc., from any one place to any other place except in a closed vehicle or a closed basket, tin or other receptacle. Every vehicle, basket, tin or aërated water crate or other receptacle shall at all times be kept thoroughly clean and wholesome and no person shall commit any act which may tend to render any bread, biscuits, etc., which are being transported dirty or unwholesome.

8. The empty bottles used in an aërated water factory for the manufacture of soda-water, lemonade and other aërated water shall always be kept scrupulously clean and stored in suitable cases specially provided for them.

9. All filters used in an aërated water factory shall be sterilised once in a fortnight in the presence of the Circle Sanitary Inspector. These shall not be used for twenty-four hours or more till a proper layer of scum is formed on the surface.

10. No other water but Bethamangalam tap water shall be considered fit for use in an aërated water factory.

11. In the manufacture of coloured aërated waters, no dye proscribed by the Health Officer shall be allowed to be used.

12. No old clothes, beddings, or any other articles unnecessary for the carrying of the trade, shall be stored in any part of a licensed bakery or aërated water factory.

13. In every bakery and aërated water factory, a basin on proper stand with soap and proper roller towel shall always be maintained in which the bakers and aërated water makers shall always wash their hands and arms before beginning work or at any time they have touched any unclean thing during working hours, fresh water being used for each ablution.

14. The Health Officer, the Chief Sanitary Inspector, the Sanitary Engineer and the Circle Sanitary Inspectors shall have free access to any licensed bakery or aërated water factory at any hour of the day or night for purposes of inspection and the first-named officer shall have the power of condemning any provision or articles manufactured in the bakery or any drink in the aërated water factory, which he considers unfit for human consumption, and his decision in the case shall be considered final.

15. No underground dwelling shall be allowed to be used as a bakery or an aërated water factory.

16. If any employee of a bakery or an aërated water factory is suffering from an infectious disease, which is required by law to be notified to the Sanitary authorities, the licensee of the bakery or aërated water factory shall be held personally responsible for such a notification. Under the orders of the Health Officer, the infected person may be suspended from work or the bakery or aërated water factory closed for a certain period, according to the exigencies or as circumstances may demand or the licensee prosecuted according to Section IX of the Rules published under Government Notification No. 16346—L. F. 17-99, dated 10th June 1901.

17. Each licensee will be required to maintain a complete list of all the employees which, from time to time, shall be checked by the Circle Sanitary Inspector.

Local Fund and Sanitary (Local Boards), dated 12th March 1912.

18. Any contravention of the above rules will make the licensee liable to have his license cancelled by the Health Officer for a period not exceeding two months or permanently with the consent of the Sanitary Board, or make him liable to prosecution, as deemed best by the Health Officer.

19. No person suffering from a contagious or loathsome disease, or who has recently been in attendance on such person, or who is unwashed or otherwise unclean, shall be employed in a bakery or aërated water factory, and all kneaders in a bakery engaged in kneading shall wear white clean linen or cotton aprons to cover entirely their front part of the body from neck to knees. The hair should be properly dressed and turban strictly forbidden, small clean caps being substituted.

20. These bye-laws will apply equally to all bakeries and aërated water factories whether situated in the Government or the mining area comprising the Kolar Gold Fields. In the mining area, the powers conferred on the Health Officer will be exercised by the Chief Medical Officer and his assistants, though the Health Officer and the Sanitary Surgeon will have the power of entry, for purposes of inspection, to any bakery or aërated water factory situated within the mining area. These he shall visit periodically. In case of his discovering any contravention of the above bye-laws he will have the right to take necessary action after consultation with the Chief Medical Officer.

21. No aërated waters of any kind shall be issued from the manufactory without having a proper label on each bottle, giving full name and address of the manufacturer.

22. Whoever commits any breach of any of the above bye-laws, shall be liable, on conviction, to a penalty not exceeding rupees one hundred.
